

Dear Staff, Parents/Guardians and Students:

Chattanooga Girls Leadership Academy (CGLA) is obligated by federal law (40\_CFR\_763.84) to send out notifications of our AHERA Asbestos Management Plans. We have conducted a thorough investigation by a state-licensed AHERA inspector of all of our school buildings to ensure we are in compliance with this regulation.

CGLA continues to update and improve the AHERA Asbestos Management Plans for all of our school buildings. Any inquiries regarding the management of asbestos-containing materials in our buildings should be directed to our school's AHERA Designated Person, John Giles, who can be reached at (423)803-4527.

A copy of our School's Asbestos Management Plan is available at the main administrative building; 1802 Bailey Ave. Chattanooga, TN 37404 during regular school hours.

**OUR MISSION**

We aim to inspire hope in each girl, positively change the trajectory of their lives and empower them to possess infinite choices in their future.
